## Objectives

- My career goals are to work in the oil and gas industry.
  - I am seeking a career that has a future beyond what small businesses can offer.
- 

## Summary

- I am currently the Safety Director/Project Engineer at Circle B Underground.
  - Before that I spent four years at Thunderhead testing as a lab tech.
  - So far my background is in civil engineering type work, Safety and DOT compliance, and Project Management.
- 

## Education

- Attending OSUIT part time, for a bachelors degree in civil engineering technology.
  - Graduated high school at Christen Education Alliance. (Private school)
  - FAA Certified Commercial Drone Pilot
  - Certified OSHA Outreach Trainer
  - Drug & Alcohol Reasonable Suspicion Rep
  - Procore Fundamentals
  - Notary Public
  - NCCER Certified Heavy Equipment Operator
  - NCCER Certified Skid Steer Operator
  - OSHA 30
-
